ARC BASE PEDESTAL TABLE

“During the week, the dining room is my main work space,” explains Cassandra. “To me, it’s much more comfortable to spread out at a big table, with my breakfast, laptop and to-do list in front of me, instead of confining myself to a small desk the entire day.”

CURVED FRONT BAR

“I have a small buffet in the dining room, with one side to hold table linens and the other for miscellaneous office supplies, power cords and papers.”

MODULAR OFFICE
“My biggest challenge with a home office has always been about storage space. I love the modular pieces in this collection and how they give you so many ways to store the essentials.”

INDUSTRIAL TASK TABLE LAMP
“Good task lighting is essential, as are a few decorative items—like a rug, some art and little items collected along the way—to keep things feeling homey.”

OPEN TO SUGGESTIONS
Available in three sizes—with 3, 6 or 12 openings—our Rolling Storage Shelves work as room dividers, file cabinets or end-of-the-bed accents.

WHITEWASH MODERN WEAVE BINS
“I put paint decks and fabric samples away in large baskets and keep all my design books out on display.”

WOOD TILED STORAGE COLLECTION
“The Wood Tiled Dresser and Nightstands are so understated and beautiful. They work so perfectly with the soft tones in the room and with the textures of the bedding.”

NEW STYLE

We took our original Wood Tiled Dresser and doubled the storage space, giving you six roomy drawers to stow your stuff. See the full collection at [westelm.com](https://www.westelm.com).

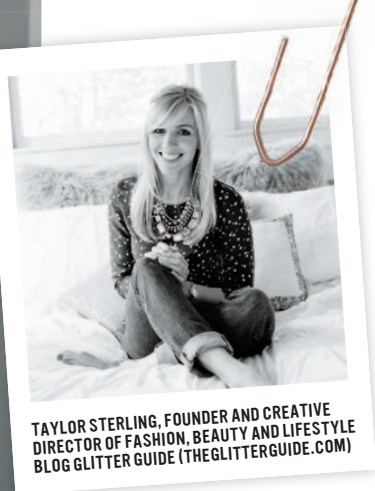

FRAYED-EDGE QUILT

“The bedroom is a space just for me and a direct reflection of my personal style, so I give it a more feminine look, with soft textures and colors. These Frayed Edge Quilts totally capture this feel.”
